🎥 JONAS · P04 (cuadro inicial: Jonas frente al Ararat)

Clip 1

```
Animate the image. The man looks into the lens, serious and calm, and says in English with a deep, low, slow voice: "According to Finkel, the story may have reached the Jewish people during the exile in Babylon, six centuries before Christ." Minimal head movement, wind gently moving his hair and shirt. Static medium shot, very slow push-in. Ambient wind, no music.
```

Clip 2

```
Animate the image. The man gives a slight nod and says in English with a deep, low, slow voice: "What is clear is this: the flood story is much older than the Bible." Steady eye contact, minimal head movement, wind in his hair. Static medium shot, very slow push-in. Ambient wind, no music.
```

Clip 3

```
Animate the image. The man pauses, takes a slow breath through the nose, then says in English with a deep, low, slow voice: "And if so many peoples told it, the question is obvious. Did something really happen?" He holds eye contact in complete silence for one second after the line. Wind gently moving his hair. Static medium shot, very slow push-in. Ambient wind, no music.
```

🖼️ IMÁGENES + 🎬 ANIMACIÓN (copiar y pegar)

IMG-35 · Smith salta de la silla

```
Photorealistic cinematic shot of a young bearded Victorian man in a dark wool suit, 1872, springing up from his wooden chair in a dim British Museum workroom, holding a broken clay tablet, his face full of shock and excitement, papers flying off the desk, gas lamp light, period drama look, 35mm film grain, 16:9, no text.
```

```
Animate the image: the young man jumps up from the chair and rushes across the room in excitement, still holding the clay tablet, papers scatter, the gas lamp flickers. Camera pans to follow him. Keep his face consistent, no new people appearing.
```

IMG-36 · El asombro de sus colegas *(se quita solo el saco: apto para todo público)*

```
Photorealistic cinematic shot of a Victorian museum workroom in 1872, two older gentlemen in suits and whiskers staring in astonishment at a young bearded man who is excitedly pulling off his dark suit jacket while pacing, clay tablets on the tables, warm gas-lamp light, comedic but realistic period drama, 35mm film grain, 16:9, no text.
```

```
Animate the image: the young man tugs off his jacket and throws it onto a chair while pacing excitedly, the two older gentlemen exchange shocked looks and one adjusts his spectacles. Static camera. Keep faces consistent.
```

IMG-37 · El auditorio de 1872

```
Photorealistic wide shot of a packed Victorian lecture hall in London, December 1872, rows of gentlemen in dark frock coats and top hats on their laps, a senior clergyman in black robes with white bands in the front row, a young bearded man reading from papers at a wooden lectern, warm gaslight chandeliers, period drama look, 35mm film grain, 16:9, no text.
```

```
Animate the image: the audience leans forward and murmurs, the young man turns a page and keeps reading, the clergyman in the front row raises his eyebrows, gaslight flickers. Very slow push-in toward the lectern. Keep faces consistent.
```

IMG-38 · Utnapishtim

```
Photorealistic cinematic portrait of an ancient Mesopotamian man in his sixties with a long curled dark beard and braided hair, wearing a fringed wool robe, standing on the deck of a reed boat at dawn, calm and wise expression, floodwater and mist behind him, warm golden light, historical reenactment, 85mm lens, 16:9, no text.
```

```
Animate the image: wind moves his beard and robe, he slowly turns his gaze toward the horizon, mist drifts over the water, the dawn light grows. Static camera, very slow push-in. Keep his face consistent.
```

IMG-39 · El escriba babilonio (Atrahasis)

```
Photorealistic close-up of an ancient Babylonian scribe's hands pressing a reed stylus into a wet clay tablet, wedge-shaped cuneiform signs forming, oil lamp light, clay dust, sharp detail on the clay surface, shallow depth of field, cinematic, 16:9, no text.
```

```
Animate the image: the scribe presses the stylus into the clay, forming new wedge-shaped signs one by one, the lamp flame flickers. Static macro camera. No new objects.
```

IMG-40 · La ciudad sumeria (Ziusudra)

```
Photorealistic wide shot of an ancient Sumerian city at sunset, mud-brick houses and a massive stepped ziggurat in the center, palm trees along a wide river, reed boats on the water, warm golden haze, cinematic historical reenactment, 16:9, no text.
```

```
Animate the image: reed boats drift slowly on the river, smoke rises from the houses, palm leaves sway, the sun sinks behind the ziggurat. Slow aerial push-in. No new objects.
```

IMG-41 · El experto y la tablilla

```
Photorealistic close-up of an elderly museum curator with a long white beard and round glasses examining a small rectangular clay tablet with a magnifying glass at a desk in a museum study, books and papers around, soft warm desk lamp, documentary style, shallow depth of field, 16:9, no text.
```

```
Animate the image: the curator slowly moves the magnifying glass across the tablet and pauses, his eyebrows rise slightly. Static camera, very slow push-in. Keep his face consistent.
```

IMG-42 · El coracle en el río

```
Photorealistic shot of a small round coracle boat made of woven reeds and coated with black bitumen floating on the brown Euphrates river, a Mesopotamian man paddling it with a single oar, reeds and palm trees on the bank, soft morning light, cinematic historical reenactment, 16:9, no text.
```

```
Animate the image: the round boat spins slowly as the man paddles, ripples spread across the brown water, reeds sway on the bank. Static camera, very slow push-in. No new objects.
```

IMG-43 · El arca redonda en construcción

```
Photorealistic epic wide shot of a gigantic round boat about seventy meters across under construction on a riverbank in ancient Mesopotamia, its circular hull made of thick woven rope coils reinforced with curved wooden ribs, hundreds of workers spreading black bitumen over the rope, scaffolding of palm trunks, cauldrons of hot bitumen smoking, golden dusk light, cinematic historical reenactment, 16:9, no text.
```

```
Animate the image: workers move along the giant circular hull spreading bitumen, smoke rises from the cauldrons, ropes are pulled tight, the light shifts slowly. Slow aerial orbit around the round boat. No morphing of the hull shape.
```

IMG-44 · Dos en dos al arca redonda

```
Photorealistic wide shot of animals walking in pairs up a wooden ramp into a gigantic round woven-rope boat sealed with bitumen: two elephants, two lions, two camels, two horses, two cattle, flocks of birds overhead, storm clouds building, dusty Mesopotamian riverbank, cinematic historical reenactment, 16:9, no people, no text.
```

```
Animate the image: the pairs of animals walk steadily up the ramp into the round boat, all moving in the same direction, birds circle overhead, the storm clouds darken. Static camera. No animals turning back, no morphing.
```

IMG-45 · El exilio a Babilonia

```
Photorealistic wide shot of a long column of ancient exiles in simple robes walking across a desert road toward the distant blue-glazed walls and gate of Babylon, carrying bundles and leading donkeys, dust in the air, low golden sun, melancholic mood, cinematic historical reenactment, 16:9, no text.
```

```
Animate the image: the column of people walks slowly toward the city, dust blows across the road, donkeys plod along, the sun lowers. Slow lateral camera move. Keep figures consistent, no morphing.
```

⚠️ PRECISIÓN

- **El desnudo de Smith** es una anécdota que se contó después, no un hecho documentado en el momento. Por eso el guion dice *"The story goes..."* y va el PNG `TXT-the-story-goes`. En la imagen IA solo se quita el saco.
- **El primer ministro de 1872** era William Gladstone. El guion no dice su nombre, así que no hace falta ponerlo en pantalla.
- **La Tablilla del Arca no se exhibe con la del Diluvio de la Parte 4.** No muestres R21/R22 cuando hables de la Tablilla del Arca (cortes 13-18): ahí van MG-34, MG-35 e IMG-41 a IMG-44.
