IMG-01 · El arca de caricatura (0:00)

Imagen:

```
Classic 1990s children's picture book illustration of Noah's ark: a cute round wooden boat
on gentle blue waves, a smiling cartoon Noah with a white beard waving, exactly two of each
animal peeking out — two giraffes, two elephants, two lions, two zebras — bright primary
colors, soft rainbow in the sky, flat cheerful style, 16:9, no text.
```

Animación:

Gentle bobbing of the boat on the waves, the animals sway happily, very slow push-in.
At the end of the clip the image freezes and slightly desaturates.

window light falling across it, dust particles floating, photorealistic, cinematic,
shallow depth of field, 16:9, no text.
```

Animación:

```
A hand enters from the right and blows across the cover, a thick cloud of dust bursts into
the light beam and drifts slowly, very slow push-in, natural lighting.
```

IMG-03 · El niño con el arca de juguete (0:15)

Imagen:

```
A small child sitting on a carpet in a cozy 1990s bedroom at night, playing with a colorful
plastic toy Noah's ark and little animal figures lined up in pairs, warm lamp light,
nostalgic film photo look with soft grain, shot from behind the child's shoulder,
the child's face not visible, 16:9, no text.
```

Animación:

```
The child slowly places one more pair of toy animals in line, the warm lamp light flickers
softly, slow push-in toward the toy ark, nostalgic slow motion.
```

IMG-04 · El avión de 1949 (0:30)

Imagen:

```
A 1940s propeller-driven military reconnaissance aircraft, silver aluminum body, flying
above a massive snow-covered volcanic mountain peak above the clouds, seen from slightly
above and behind, black-and-white archival photograph look with grain and slight blur,
historical military aviation photo, 16:9, no text, no insignia.
```

Animación:

```
The finger moves slowly from right to left along one line of Hebrew text, the candlelight
flickers, the camera follows the finger with a slow lateral slide.

IMG-16 · 40 días de lluvia

```
Photorealistic wide shot of torrential rain pouring down on an ancient Near East village of mud-brick houses at dusk, streets turning into rivers of brown water, heavy slanted rain sheets, dark storm clouds, a lightning flash in the distance, cold blue-grey palette, cinematic documentary reenactment, natural film grain, 16:9, no text.
```

IMG-17 · Solo es la lluvia

```
Photorealistic macro shot of heavy raindrops hitting the surface of dark floodwater, each drop creating splashes and expanding rings, backlit by a faint grey light, extreme detail, shallow depth of field, cinematic, 16:9, no text.
```

IMG-18 · Se cierra la puerta

```
Photorealistic low-angle shot of a massive wooden door in the side of a colossal dark wooden ark slowly closing as heavy rain begins to fall, rain streaking across the timber sealed with black pitch, the last warm lamplight visible through the narrowing gap, muddy ground with puddles in the foreground, dramatic stormy light, cinematic documentary reenactment, 16:9, no people visible, no text.
```

IMG-20 · Con los animales

```
Photorealistic interior of a huge dark wooden ship hold lit by a few hanging oil lamps, rows of wooden stalls with cattle, sheep, goats and a pair of camels resting on straw, dust and hay floating in the warm light, heavy timber beams overhead, rain sound implied by dripping water, cinematic, 35mm film look, 16:9, no people, no text.
```

IMG-21 · Una sola ventana

```
Photorealistic interior shot looking up from the dark top deck of a giant wooden ark toward a single long narrow opening just under the roof, grey storm light and rain spray coming through it, a beam of cold light cutting through the dust and darkness, wet timber, deep shadows, cinematic, 16:9, no people, no text.
```

IMG-22 · La palabra "tevah"

```
Photorealistic macro close-up of an index finger pointing at one handwritten Hebrew word on an aged parchment scroll, warm candlelight from the left, the word in sharp focus and the rest of the text softly blurred, parchment fibers and ink texture visible, cinematic, 16:9, no text overlay.
```

IMG-23 · La canasta de Moisés

Photorealistic close-up of a small woven reed basket sealed with dark pitch floating gently among tall green papyrus reeds on a calm river at golden hour, soft ripples around it, warm sunlight filtering through the reeds, ancient Egypt, shallow depth of field, cinematic, 16:9, no baby visible, no people, no text.
```

IMG-24 · Hecha para flotar *(la misma de tu prompt anterior del arca en el diluvio)*

```
Photorealistic epic wide shot of a colossal dark wooden ark drifting alone on a violent stormy ocean during the great flood. The ark is a huge rectangular box-shaped hull of dark weathered timber sealed with black pitch, with a low gabled roof, a single narrow window opening running along the top just under the roof, and a closed door on the side; no sails, no masts, no oars, no rudder. Massive grey-green waves rise around it, white foam and spray crashing against the hull, torrential rain falling in heavy slanted sheets, black storm clouds, a fork of lightning in the distance. No land anywhere. Faint warm lamplight glows from the narrow window. Cinematic documentary reenactment, natural film grain, 16:9, no people visible, no text.

⚠️ PRECISIÓN HISTÓRICA (para no recibir correcciones en comentarios)

- La tablilla que leyó George Smith (**Tablet XI**) es una **copia del siglo VII a.C.** de la biblioteca de Asurbanipal en Nínive. La **historia** del diluvio mesopotámico es mucho más antigua (versiones de ~1800 a.C., como Atrahasis). Por eso **MG-27** dice *"Mesopotamian flood story · c. 1800 BC"* y no le pone fecha a la tablilla de Smith.
- El guion lo dice bien: *"that same story appears on a clay tablet. A thousand years before the Bible"*. Se refiere a la historia, no a esa copia en particular.
